

Introduction

The Retail Collection showcases the latest radiators in a wide array of styles, colours and finishes. Within this brochure, models are divided into five distinctive sections, from the latest Italian-designed models in *Designer and Towel Rails*, to timeless classics in *Multi Column and Cast Iron*. Plus, for the latest energy-efficient options, *Sectional Aluminium* offers contemporary, lightweight designs that are fully compatible with low temperature heating systems. On our website, you can find additional imagery of all models.

Sizes:	Material:	Operating up to:	Delivery:	Electric options:	Colours:	Guarantee:
5	CI	10 bar	1 week*		chart 1	10 yrs

Materials:
 AL = Aluminium
 CI = Cast Iron
 S = Steel
 SS = Stainless steel

Deliveries:
 Delivery times are noted at the top of each individual product page; however, multiple items may extend this lead time.

Colours:
 1 **Colour Chart 1** page 220
 2 **Colour Chart 2** page 222

Note:
 All outputs shown are in accordance with EN442, 75-65-20°C operating conditions, giving a Δt of 50°C and shown in watts.
 To convert to other operating temperatures, use the correction factor table on page 219.
 To convert watts to BTU, multiply output shown by 3.412.
 All dimensions are in mm.

LinkedIn: MHS Radiators Limited

www.mhsradiators.co.uk

At MHS Radiators, we offer an extensive range of designer, aluminium and steel column radiators, as well as towel rails and valves, manufactured in Italy to the highest standards. The emphasis is on providing practical solutions and innovative designs – our radiators don't just heat spaces, they transform them.

Your radiators, your way

Discover a wide choice of stock sizes and made-to-measure options, including over 100 colours and special finishes that will complement any interior design scheme. With our very own state-of-the-art assembly and finishing plant in Rochford, Essex, we can deliver high-quality painted finishes in as little as 10 days. For the ultimate design flexibility, we also offer a bespoke colour-matching service – see page 223 for details.

Our extensive range of cast iron radiators is assembled and finished in the UK, with these beautifully detailed models available in a vast selection of styles and sizes.

Our commitment to excellence

We operate our own fleet of delivery vehicles to ensure your radiators, towel rails and valves arrive in perfect condition, and on time, all year round. Plus, you can be safe in the knowledge that all stock models are distributed from our dedicated warehouse in Basildon, Essex. Every MHS Radiators' product meets stringent EN442 standards and all models are backed by a minimum 5-year* guarantee.

Trust in every detail

Founded as a family business in 1980, MHS is more than a radiator company; we are trusted experts in heating. For three generations, we have pursued perfection and quality remains at the heart of every product, which is why we are a member of MARC (The Manufacturers' Association of Radiators and Convector), which upholds a mark of confidence in quality and compliance with best practices for consumers.

Arc Double

Featuring two sets of tubes, this radiator not only creates a more imposing profile, but also delivers increased outputs for larger rooms.

Shown here in Terra finish with Radius angled TRV satin valves and pipe sleeves

Arto Horizontal

The bold straight lines of Arto's 50x10mm flat tubes help make an artistic statement that complements any interior. Available in single or double versions to offer flexibility for all sizes of room.

Shown here in Carbon finish with
Radius corner TRV black valves
and pipe sleeves

Arto Vertical

For installations that require larger outputs, while still retaining a bold design, the Arto Vertical offers supreme versatility with an extensive range of sizes.

Available in single and double versions.

Shown here in Moonshine finish with Radius angled TRV satin valves and pipe sleeves

Sectional Aluminium

A dedicated collection of lightweight radiators ideal for low temperature heating systems, made from 100% recycled and recyclable aluminium.

Decoral 97

Available in a variety of heights, this attractive yet lightweight, high output aluminium radiator is ideal for use with heat pumps and other renewable heating technologies.

Shown here in White with end panels, Radius angled TRV white valves and pipe sleeves

Decoral 97

For greater design flexibility, the highly popular Decoral 97 is available in a stocked Volcanic finish - perfect for modern interiors.

Shown here in Volcanic finish with Radius angled TRV chrome valves and pipe sleeves

Decoral 97

The Decoral 97 aluminium radiator can be supplied in any of the 20 colours from Chart Two, including our popular Beaten Brass finish. Explore the possibilities on page 222.

COLOUR MATCHING

For ultimate design flexibility, we now offer a bespoke colour matching service. See page 223 for details.

Shown here in Beaten Brass finish with Radius corner TRV antique brass valves and pipe sleeves

Decoral 77

Available in a variety of heights, the Decoral 77 is a slim version of our popular Decoral 97 aluminium radiator. Ideal for hallways and tight spaces, the attractive and lightweight model boasts high outputs and is ideal for use with heat pumps and other renewable heating technologies.

NEW

Shown here in Bronze finish with Radius corner manual satin valves and pipe sleeves

COLOUR MATCHING

For ultimate design flexibility, we now offer a bespoke colour matching service. See page 223 for details.

Extratherm 97

A fusion of cutting-edge design and recycled aluminium, the Extratherm 97 features a rounded top and open-fronted curves for a touch of continental charm. Lightweight and versatile, it is ideal for use with heat pumps and other renewable heating technologies. The Extratherm 97 also has excellent outputs and thermal efficiency in a small footprint.

NEW

Shown here in Light Old Penny finish with Radius angled TRV antique brass valves and pipe sleeves

Extratherm 97

A fusion of cutting-edge design and recycled aluminium, the Extratherm 97 features a rounded top and open-fronted curves for a touch of continental charm. Lightweight and versatile, it is ideal for use with heat pumps and other renewable heating technologies. The Extratherm 97 also has excellent outputs and thermal efficiency in a small footprint.

NEW

Shown here in White finish with Radius corner TRV white valves and pipe sleeves

Shown here with Radius corner TRV antique copper valves and pipe sleeves

Multisec Bespoke

Each product in the Italian designed Multisec Bespoke range is made to order. Available in a full range of colours, in depths from two to six columns and heights from 207mm to 2500mm, the number of sections and lengths are tailored to meet individual requirements. Wall mounted and floor standing models are available, with the latter boasting welded fixed feet.

Shown here in Pearl Bronze with Radius corner TRV antique copper valves and pipe sleeves

Multisec Bespoke

Each product in the Italian designed Multisec Bespoke range is made to order. Available in a full range of colours, in depths from two to six columns and heights from 207mm to 2500mm, the number of sections and lengths are tailored to meet individual requirements. Wall mounted and floor standing models are available, with the latter boasting welded fixed feet.

Shown here in Clay finish with Kentwell angled TRV antique brass valves and pipe sleeves

Foot options:

Integrated welded feet (singles) (adds 100mm to the height of the radiator)	Raw		Brass/Copper Lacquer	
	PRICE (ex VAT)	PRICE (inc VAT)	PRICE (ex VAT)	PRICE (inc VAT)
All models up to 20 sections require 2 feet, one at each end	£143.75	£172.50	£143.75	£172.50
Odd numbers 21-39 sections require 3 feet, one at each end and one centrally	£215.63	£258.75	£215.63	£258.75
Even numbers 22-40 sections require 4 feet, one at each end and two evenly spaced	£287.50	£345.00	£287.50	£345.00

Column dimensions

	Wall to front face mm	Depth mm	Tapping from wall mm
2 Columns	98/108	66	65/75
3 Columns	139/149	107	85.5/95.5
4 Columns	180/190	148	106/116
5 Columns	221/231	189	126.5/136.5
6 Columns	262/272	230	147/157

To calculate the BTUs, multiply the output shown at Δt 50 by 3.412.
To calculate the length of the radiator, multiply the number of sections by 46mm, then add 24mm for reducing bushes.

Multisec Curved

Manufactured and assembled to the highest standards, Multisec Curved radiators offer timeless elegance in even the most complex installations.

How to order

Multisec Curved radiators must have a minimum internal radius length of 1000mm for 2 and 3 column radiators, and 1300mm for 4, 5 and 6 column radiators. The angle covered by the radiators cannot be greater than 180°.

6 simple steps

When ordering a Multisec Curved please specify:

1. Number of columns
2. Height
3. Number of sections
4. Wall mounted or welded feet
5. Camber and chord as indicated in the technical drawing below
6. Niche or Column curve

MS-CURVE

Cost to curve Multisec per section	£22.60 ex VAT
	£27.12 inc VAT

Please note this is an additional cost to the price of the radiator itself. See page 102 for the price of the radiator and other technical details.

*From approval of technical drawing

Multisec Angled

A solution for the most awkward spaces, Multisec Angled radiators can be manufactured with angles of 90° or greater, offering a stylish, space-saving design that creates a striking feature. Manufactured to the highest standards, Multisec Angled radiators are perfect for interiors where every inch of space matters.

How to order

5 simple steps

When ordering a Multisec Angled please specify:

1. Number of columns
2. Height
3. Number of sections per side
4. Wall mounted or welded feet
5. Angle type and measurement

MS-ANGLE

Additional cost per 90° angle
£215.00 ex VAT
£258.00 inc VAT

MS-ANGLE>

Additional cost per angle greater than 90°
£239.00 ex VAT
£286.80 inc VAT

Examples of Multisec Angled

90° Angle

90° Double Angle

Angle >90°

Double Angle >90°

Note: Maximum length of the first piece (if one angle) or middle piece (if two angles) is determined by the 'Max sections' detailed on page 102. The second piece (if one angle) or side pieces (if two angles) has a maximum length of 20 sections.

Joining key

Model / Code	ZXTOOL-04
Multisec joining key	£160.00 ex VAT £192.00 inc VAT

Multisec Angled radiators require on site assembly. Full instructions and parts will be supplied, although a joining key tool will need to be purchased separately on a sale/return basis.

90° Angle shown here in Dark Aluminium with Radius angled TRV chrome valves and pipe sleeves

Astro joining key	£160.00 ex VAT £192.00 inc VAT

We will always strive to keep on-site assembly to a minimum, but for radiators larger than the maximum factory assembled size (see charts above) on-site assembly will be required.

Full instructions and parts will be supplied, although a joining key tool will need to be purchased separately on a sale/return basis.

To calculate the length of the radiator, multiply the number of sections by the section width (see table above), then add 26mm for reducing bushes.

Please note there is a +/- 2mm manufacturers tolerance per section. We strongly recommend not setting pipework until the radiator has been delivered.

Model / Code	ZXTOOL-02
Liberty joining key	£160.00 ex VAT £192.00 inc VAT

We will always strive to keep on-site assembly to a minimum, but for radiators larger than the maximum factory assembled size (see charts above) on-site assembly will be required.

Full instructions and parts will be supplied, although a joining key tool will need to be purchased separately on a sale/return basis.

To calculate the length of the radiator, multiply the number of sections by 76mm (see table above), then add 24mm for reducing bushes.

Please note there is a +/- 2mm manufacturers tolerance per section. We strongly recommend not setting pipework until the radiator has been delivered.

Shown here in Pewter finish with Kentwell chrome thermostatic valves and pipe sleeves

Towel Rails

Add a touch of style and luxury to a bathroom with a high quality towel warmer.

Nina

A simple design, complemented by discreet brackets, ensure this towel rail is a great addition to any bathroom. Available in 80 finishes, there is a Nina towel rail for any bathroom style, with the most popular finishes available from stock.

Shown here in Matt Black finish with Radius black manual angled valves.

Lara

Manufactured in Italy, Lara is available in a variety of finishes, including Polished and Satin, as well as exclusive Antique Brass and Antique Copper, which are achieved by using a specialised electro-chemical process.

To complete the minimalistic look, a range of complementary accessories are also available for all installation types.

Dual fuel version shown here in Antique Brass finish with Radius angled manual antique brass valves and pipe sleeves

Sofia Stainless

The simple lines of this stainless steel model create a sculptural presence, while also offering bundles of practicality with plenty of room for hanging multiple towels.

Good to know

The Sofia is reversible, so the vertical tubes can either be on the left or right side. When ordering electric models, please specify which orientation is required.

Shown here with a Twin angled manual chrome valve

Comb

A deceptively simple design that puts a twist on a classic ladder style. Towels can be hung with ease thanks to the open ended design, while large tubes deliver impressive outputs.

Plus, for greater design freedom, Comb is available in a variety of finishes, including Polished and Satin stainless steel, as well as coloured steel models.

Sabrina

Made from robust steel tubes, the Sabrina's square profile is highlighted by a bold frame that creates a focal point. Its generous bar spacing allows plenty of room for towels, while dual fuel and electric options allow it to be used even in the summer months.

Valves & Accessories

Information

Angled:

Use these for radiators where the pipework is 'from the floor' and the connection on the radiator is horizontal. These can also be used on towel rails when the pipework is through the wall.

or

Straight:

Use the straight type when the pipework is 'from the floor' and the connection on the radiator is vertical.

or

Corner:

Use these for radiators or towel rails where the pipework is 'from the wall'.

Manual:

Use for any application.

or

TRV:

User adjustable to automatically control the final temperature of the room.

Typical valve dimensions

The following notation has been used for dimensions:

Important note: All dimensions are given in good faith. However, it is always advisable to await delivery of your radiator and valves before setting the pipe work in its final positions. MHS cannot accept any liability for pre delivery installed pipe work not matching up with the final item.

Supply options

Central heating only

Designed for connection to a central heating system.

Dual fuel

Connected to the central heating system and supplied with the MHS Smart electrical element that can be used when the heating is off, typically during the summer months.

Dual fuel models are supplied with an electric element (loose) and two tee pieces to provide symmetrical connections.

Note: Installation should only be carried out by a qualified electrician and comply with all current UK regulations.

Electric only

Electric only models are factory filled and tested, ready for electrical connection, with the MHS Smart electric element fitted to the right hand side (unless otherwise specified).

Correction factors

The outputs shown within this brochure are based on BS EN442. BS EN442 specifies that all outputs must be stated at ΔT 50°C, which is based on 75-65-20°C operating conditions.

The ΔT is calculated by taking the mean water temperature and deducting the ambient air temperature.

For example, a typical air-source heat pump system will have flow temperatures of 45°C and return temperatures of 40°C. With an ambient air temperature of 20°C, this means the system is operating at ΔT 22.5°C.

To calculate the output of a radiator at operating conditions other than ΔT 50°C, multiply the listed output by the correction factors shown in the table below.

ΔT	CORRECTION FACTOR	ΔT	CORRECTION FACTOR
60	1.267	41	0.773
59	1.240	40	0.748
58	1.213	39	0.724
57	1.186	38	0.700
56	1.159	37	0.676
55.5	1.145	36	0.652

COLOUR MATCHING

If you're looking for a colour other than those shown in our colour chart, we can finish your radiator to any RAL colour in gloss, semi-gloss or matt finish. We also offer a colour match to most designer paint brands. Colours outside of our colour chart carry a £50 ex VAT (£60 inc VAT) special mixing charge.
